

If you wish to study medicine in Latvia, the Faculty of Medicine of Rīga Stradiņš University will be the best choice, since it is the University's oldest faculty and the one richest in traditions, which also offers the most innovative and rigorous medical education in Latvia.

Due to its competitive programme and liberal costs, the Faculty of Medicine is becoming increasingly popular among international students in Europe and many other countries (currently there are over 1500 international students studying at RSU). It is also popular, because upon graduation from the medical programme after 6 rigorous years, our graduates can continue their education in residency programmes in Latvia as well as other countries of the European Union, USA, Australia etc
